

Some things are WORTH waiting more than a decade for.

Reserve Bourbon Finished in Tawny Port Barrels

Our Evans & Pike Reserve finished in 20 year-old tawny port barrels. This one-of-a-kind whiskey combines an unmistakably bourbon taste with port notes.

The bourbons that are blended to produce Evans & Pike are hand-selected by our master taster from the oldest barrels in our solera, with the youngest barreled in 2007, and the oldest in 2000. This ultra-aged bourbon is also made from 3 different mash bills, creating a flavor profile you won't find in any other bottle.

The taste will certainly remind you of old bourbons, but with a personality that is distinctly Evans & Pike. Expect to taste old oak, vanilla, hints of caramel, pepper, and subtle spice that is present but far from overwhelming. A sturdy and beautiful product.
