

# MASHBUILD

SIGNATURE SERIES  
UNCUT/UNFILTERED

Mashbuild comes from the idea that blending bourbon from different stills, ages, and mash bills will result in a superior product with roundness and depth not found in traditional bourbons.

YOUNGEST BARRELS IN THE SOLERA

OLDEST BARRELS IN THE SOLERA

The first bottle in our Signature Series features an especially unique expression of the bourbons aging in our Solera. Blended from the biggest, boldest flavors in our barrels, this Mashbuild is served at cask strength, uncut and unfiltered.

The base of Mashbuild comes from bourbon distilled in 2000, 2001, 2004, 2006, and 2007 from prominent distilleries in Kentucky, Indiana, and Tennessee including Four Roses and the old Seagram's distillery. These fine bourbons provide a strong, traditional backbone to all of our Mashbuild blends.

We complement this foundation with both traditional and contemporary newer bourbons from from Colorado, Kentucky, and Indiana distilled with sweet corn, bloody butcher corn, and dent corn. We hand-select every bourbon for nose and taste to ensure they are compatible with the other bourbons in the Solera.

Each batch of Mashbuild has its own signature taste because of our Solera aging process: the continuing maturation of the bourbons that have been there longest combined with the punch of the newer stock.

But no matter which batch of Mashbuild you are tasting, all of them bring a lot of bourbon flavor, all are unique drinking experiences, 100% exclusive, and 100% delicious.
